

## Grade 4 Unit 5

- **BE SURE TO ANSWER AND LABEL ALL PARTS OF THE QUESTION.**
- **Show all your work (diagrams, tables, or computations) in your Student Answer Booklet.**
- **If you do the work in your head, explain in writing how you did the work.**

For a science project, Antoine recorded the height of a bean plant he was growing. After the plant sprouted, he measured it each day for two weeks. The graph below displays his data.

- Can you draw a Best Fit Line using the chart? Explain why or why not.
- How many centimeters did the plant grow by Day 11?
- Antoine continued the table. Give an estimated height for Day 15. Explain how you got your estimate.
